**Introduction:**

Bible translation from the modules of the Bible software program: "The Word" according to KJV in Public domain. This concordance contains all bible scriptures whose individual words appear up to 800 times in the entire translation, except from the three words, "Jesus," "Jerusalem," and "Father."

All words which appear more than 800 times are not included in this concordance and are attached as a list at the end of the document.

Upon request the restriction of the limit of 800 words can be adapted. The question comes up where a reasonable limit is. Inquiries or suggestions by e-mail: [gkadiesch@gurt-der-wahrheit.org](mailto:gkadiesch@gurt-der-wahrheit.org)

Concordances are a valuable instrument in studying the Word of God. In this issue, the space requirement was especially valued (paper-saving).

Paragraph switching is used only in the table of contents, the individual words are shown in BOLD, followed by the Bible scriptures. This saves approximately 300 pages of paper.

This document is freely available for your own studies under a voluntary donation and unfree for commercial use / distribution.

Distribution for private use is desirable.
